

Accordion Fold Mini Book

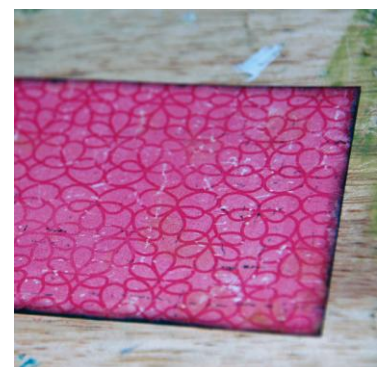

Required

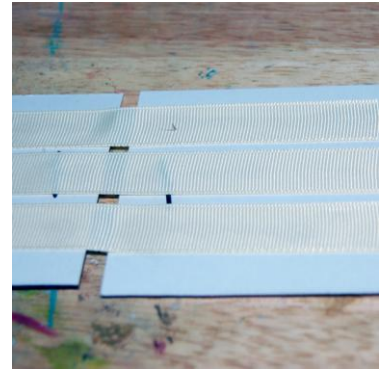

- 12x12 Glitter card
- 12x12 Coordinating Patterned Paper
- Cocoa Ink Pad
- Basic Grey Brads
- ½ inch wide ribbon

Instructions

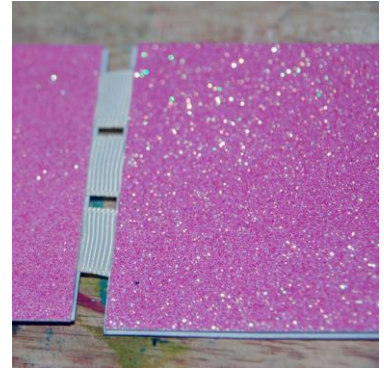

- Cut the glitter card into 12 equal parts measuring 4 inches by 3 inches.
- Cut the patterned paper into 12 equal parts measuring 3 ¾ inches by 2 ¾ inches, ink the edges with Cocoa inkpad.
- Adhere the 12 patterned paper panels to the front of 12 of the Glitter cards. Put aside the last 12 pieces of glitter card as these will form the backs of each panel.
- Punch a hole on either side of the panel and attach a brad through the hole.

- Turn each of the panels over. Lay out 3 strands of ribbon and adhere one panel at a time along the ribbon, leaving approximately $\frac{1}{4}$ inch gap between each panel.

- Adhere back panels over the ribbon, matching each panel up.

- Create text panels using the template provided that I used or by cutting additional card.
