Kaisercraft Round Rhinestones – Silver (KAI-RH-750 \$2.49)  
<http://www.franticstamper.com/kaiser-rhine.htm>

## Instructions

1. From the white card cut out the following pieces ...
  - 5 inch by 5 inch
  - 4 inch by 4 inch
  - 3 inch by 3 inch
  - 10 inch by 5 inch
2. Fold the 10 inch by 5 inch in half to create the card base.
3. Punch the corners and borders of the 5 inch square piece of card.

4. Place a drop of the green ink onto a non-porous surface (I use my acrylic block for this). Use a water filled brush, water down the ink droplet and paint along the holly leaves on the border. Put aside to dry.

5. Place the 4 inch square piece of card into the embossing folder run through a cuttlebug machine to emboss.

6. Use the corner rounder to round off the corners of the 3 inch square piece. Ink up the stamp with the Barn Door inkpad and stamp onto the centre of this card piece.

7. Adhere four rhinestones to the centres of the four large snowflakes that border the stamp.

8. Attach the stamped layer to the centre of the embossed piece using foam squares.
9. Attach the embossed piece to the centre of the Holly Border piece of card using an adhesive of your choice.
10. Gently fold up the Holly leaves along the border then attach to the front of the card base.
